ABOUT THIS PROJECT

A creative card using the reflection stamp system with the Dawn paper collection. You build your own unique tree scene by stamping the main silhouette in black, then layering additional trees in different ink colours to create depth and atmosphere.

TIPS FROM THE SHOW

- You can create your own unique scenes by choosing which colours to use for different elements; the reflection stamp is versatile and not limited to black.
- Picking the right colours helps you build a cohesive landscape—for example, blue for trees and black for silhouettes creates a natural look.
- You are the master of your own artwork; stamp elements wherever you want to tell your own story.
